**MedRxLogistics.com**

# How it Works

1

## Pharmacy Pickup

Coordinated directly with your pharmacy.

2

## Tracked Delivery

Real-time GPS, barcode scans, and photo proof.

3

## Patient Notification

SMS alerts keep patients informed at every step.

4

## Verified Delivery

Audit-ready delivery records stored securely.

### **Flat-Rate Next Day**

Predictable, flat-rate pricing for next-day delivery.

### **99.99% Success**

99.99% on-time delivery rate across the United States.

### **Free Redelivery**

No fuel surcharges. Free redelivery on missed attempts.

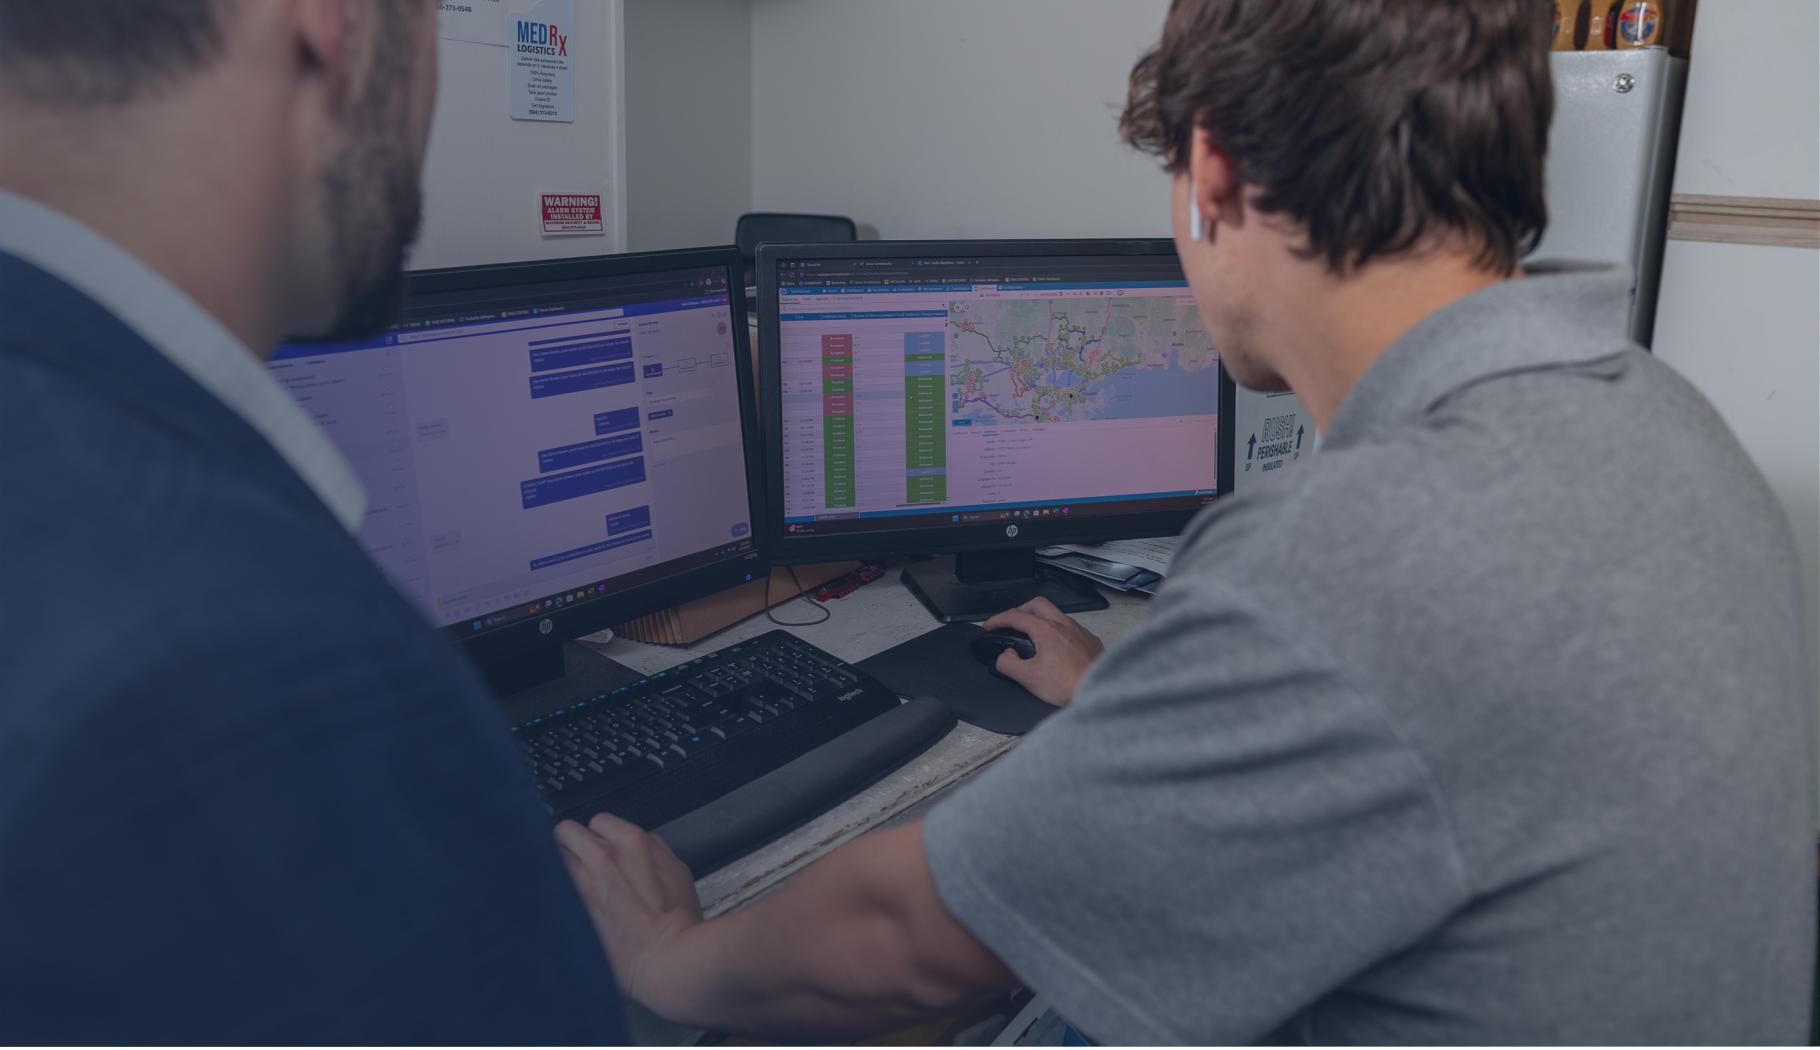

### **HIPAA Compliant**

HIPAA & DOTD compliant. Trusted, vetted drivers.

### **Live Support**

Available M-F, 6:00 AM–7:00 PM with after-hours assistance.

## Ground Traffic Controller

MedRx Logistics provides dependable pharmacy delivery throughout the continental United States, helping pharmacies serve their patients with next-day scheduled service, customized batch and hot shot deliveries, and flexible after-hours options.

5-point barcode scanning system ensures full chain of custody tracking

Online customer portal with real-time tracking and proof of delivery archiving

Simple, predictable pricing structure for budgeting and cost control

Safe handling of sensitive prescriptions ensures product integrity upon arrival
